CORPORATE & COMMERCIAL

SUPPORTING YOUR CASH NEEDS

At Santander Corporate & Commercial we value open and honest relationships with our customers. We try to make life easy for them by providing great value products with no hidden surprises. In a market where banking can be complex, you'll find us straightforward to deal with, so you can focus on what's important to you – running your business.

We offer a simple cash and cheque collection and depositing service, which provides you with up to three cash collections per week (from each of your sites) and delivery of change.

The service has a simple pricing structure, based on the typical value of your cash deposits. Whether you are depositing notes, coins, cheques or a combination of all three, this solution gives you the flexibility to manage your day-to-day business deposits.

Setting up a collection arrangement

We will work alongside you and our partner, G4S, to create a collection and change delivery service that suits the needs of your business. From agreeing the collection days and site locations to the size and make-up of your typical cash deposit, your Relationship Director will help guide you through the process to create a solution that really matches your needs.

Managing Director, Transactional Banking & Liquidity

GETTING STARTED

Setting up the service

Our Relationship Director will work alongside you and G4S to create the service that suits your business' needs.

You can decide:

- The number of collections you require from each of your sites (up to three a week).
- The days of those collections, subject to G4S availability.
- The typical size of your deposits; up to £5,000 or up to £7,500 per deposit.
- If and when you require change to be delivered as part of these collections.

G4S will then undertake a site review with you for each site that you'd like to arrange collections from. You will then be able to agree on your collection days.

Collections

- Up to three collections per week from each of your sites, subject to postcode and a G4S site survey.
- Up to a maximum of £500 of coin per deposit, in separate sachets.
- Includes cheque deposits. These do not count towards the total deposit value.
- Cheques can only be deposited as part of a cash collection.

Change delivery

- Get £250 of change delivered directly to your premises.
- Choice of coin denominations.
- Up to three deliveries per week (as part of a collection).

HOW TO DEPOSIT YOUR CASH

When depositing cash, it is important that your deposits are correctly packaged and submitted to ensure that the funds are credited to your account as quickly as possible.

£20 of £2	£20 of £1	£10 of 50p

£1 of 2p	£1 of 1p	

Please note that a maximum of £500 of coin can be deposited as part of the overall deposit and that this is included within the total £5,000 or £7,500 deposit sum.
